**Subject:** RE: Representation from India - for Soccer Balls

Dear Mr. Tarun Dewan,

We have received your additional information regarding Soccer Balls from India and will review it as part of the Department of Labor's ongoing research process for the List of Goods Produced by Child Labor or Forced Labor (TVPRAL list). We plan to update the TVPRAL list periodically, and we will consider your submission in making our determinations. For more information on the TVPRAL list maintenance process, please see DOL's procedural guidelines at: <http://www.dol.gov/federalregister/PdfDisplay.aspx?DocId=20376>.

DOL appreciates the interest of the Sports Goods Export Promotion Council of India in providing information as we continue to monitor labor conditions in the goods on the TVPRAL list. Kindly note that in order to remove a good from the TVPRAL list, information must show that the prevalence of child labor or forced labor in the production of the good has been significantly reduced if not eliminated. Please be assured that DOL will carefully review all information received and will act in a timely manner if evidence comes to light that warrants changes to the list.

Thank you for your interest in the work of DOL and the global challenge of eliminating exploitive labor.

Best regards,

*Marcia Eugenio  
Bureau of International Labor Affairs  
US Department of Labor*
