

ILAB TECHNICAL COOPERATION PROJECT SUMMARY

PROJECT TITLE	COOPERATION TO ADDRESS THE WORST FORMS OF CHILD LABOR IN AGRICULTURE: SUPPORT TO THE INTERNATIONAL AGRICULTURAL PARTNERSHIP
REGION/COUNTRY	Global
PROJECT DURATION	September 2009 – March 2013
FISCAL YEAR & FUNDING LEVEL	FY2009: \$1,500,000
PROBLEM TO BE ADDRESSED	<p>Agriculture employs 70 percent of all working children, and is recognized as one of the most dangerous sectors for children to work. Further, there are significant challenges to reducing child labor in this sector. The knowledge base is lacking to design effective policies in response. As recognized by the International Agricultural Partnership (IAP) that emerged from World Day Against Child Labor 2007, collaboration and information-sharing among relevant international agencies is critical to address these problems. Members of the Partnership include: International Labor Organization (ILO); Food and Agriculture Organization (FAO); International Fund for Agricultural Development (IFAD); International Federation of Agricultural Producers (IFAP); International Food Policy Research Institute (IFRPI), representing the Consultative Group on International Agricultural Research (CGIAR); and International Union of Food, Agricultural, Hotel, Restaurant, Catering, Tobacco and Allied Workers' Associations (IUF).</p>
PROJECT OBJECTIVES	<p>The project will provide a conceptual and structural framework for a global effort, facilitated by ILO-IPEC and implemented through the IAP, to eliminate the worst forms of child labor in agriculture.</p> <ol style="list-style-type: none">1. Expand the knowledge base on child labor in agriculture to support policy interventions and advocacy2. Mainstream child labor reduction into key policies of the Partnership organizations3. Develop local structures and models, and build capacity for addressing the worst forms of child labor in agriculture
SUMMARY OF ACTIVITIES	<ul style="list-style-type: none">• Assess existing global and national data sets in regard to available data on relevant aspects of children at work in agriculture• Conduct agriculture sector survey(s)• Produce analytical reports from survey(s) on specific dimensions of children's work
