

TECHNICAL COOPERATION PROJECT SUMMARY

PROJECT TITLE	CREATING THE ENABLING ENVIRONMENT TO ESTABLISH MODELS FOR CHILD LABOR FREE AREAS IN KENYA: SUPPORT TO THE IMPLEMENTATION OF THE NATIONAL ACTION PLAN FOR THE ELIMINATION OF THE WORST FORMS OF CHILD LABOR WITH SPECIAL FOCUS ON AGRICULTURE AND OLDER CHILDREN
REGION/COUNTRY	AFRICA/ Kenya
PROJECT DURATION	September 30, 2009 – November 30, 2013
FISCAL YEAR & FUNDING LEVEL	FY 2009: USD 4,600,000
PROBLEM TO BE ADDRESSED	Kenyan children primarily work in agriculture on mixed farms and, to a lesser extent, on tea and sugar plantations. Children also work in the production of coffee, flowers, maize, miraa, rice, sisal, and tobacco. To date, Kenya has implemented five USDOL-funded child labor programs. The project will enhance the Government of Kenya's efforts to combat child labor by supporting the implementation of the National Action Plan (NAP) and the Decent Work Country Program.
TARGETS	A total of 8,155 children under the age of 18 years will be targeted for withdrawal (3,700) and prevention (4,455) from exploitive child labor through the provision of direct educational services. The project will use an integrated area based approach to combat any and all worst forms of child labor within the districts of Kilifi, Kitui, and Busia, creating child labor free zones. A special emphasis and focus will be given to child laborers in rural areas, especially in agriculture, and to children aged 15-17. The project will reintegrate and repatriate, where appropriate, children rescued from trafficking and forced child labor, including commercial sexual exploitation. The project will also provide 1,000 families with access to socio-economic programs, skills development training, employment creation schemes, and access to micro-credit.
